Day Camp Discovery Off to a Great Start!

The campers are here; the hula-hoops are out; and the freeze-pops are frozen, that must mean that it is time again for Day Camp Discovery!

This year we have added a number of excellent new staff members including counselors, swimming pool staff, tennis staff, outdoor adventure instructors and a 'School of Rock' instructor.

This year, campers can look forward to new field trips and special activities as well. Squads will be taking trips to Squaw Run Park, the Children's Museum, and at the end of camp, will be able to enjoy equipment from ELF Entertainment.

The summer is jam-packed with fun and according to Day Camp Discovery Director Dan Stern, "this summer is shaping up to be one of our best summers ever."

Camper in the Spotlight

The "Camper in the Spotlight" is awarded to the camper who does a good deed at camp. When another camper was short on money, Ben graciously bought candy for that camper. Congrats to Ben Davidoff, he is the camper in the spotlight!

A New Addition: Outdoor Adventure

Strap on your boots kids, we're going on an adventure! Outdoor Adventure is one of the newest additions to Day Camp Discovery this year. Kevin Goodwin and Megan Kopke are the directors of this fantastic program. Kevin's motto is "You don't know if it

works until you try it." The campers have planted flowers in a sustainable garden, played Frolf (Frisbee Golf), and have constructed and piloted helicopters. In Outdoor Adventure, the campers will experience wildlife like never before!

Don't Forget To:

- Bring suntan lotion
- Bring a bathing suit, towel, and goggles
- Drink water
- HAVE FUN!

Help the Haitians: The People of Haiti Still Need Your Help!

Donate backpacks, notebooks, books, pencils, art materials, and other unused school supplies to camp up until July 2 for the Haitian children!
