## Enrollment Rules and Guidelines for Boarding Students

This supplement to the Continuous Enrollment Contract is to help boarding families, particularly those who live outside the United States, plan for the 2020-2021 school year and complete all of the necessary enrollment steps. Please read this document carefully and abide by all of the deadlines set forth as you plan for your child's transition and travel this upcoming school year.

### Important School Forms

In early May, new families will receive an email with a link to the Newly Enrolled Families page on the Shady Side Academy website. This page will include, among other things, information and instructions on how to log in to the Parent Portal of the SSA website to complete several important forms, including:

1. **Household Profile Update Form** – In this online form, parents review and update their family's household information for the school database, including biographical and contact information. The form is due **August 1, 2020**, for new families.
2. **Magnus Health Medical and Athletic Forms** – In order to attend classes and participate in athletics, medical and athletic forms must be completed and submitted via the Magnus Health online system, which can be accessed via the Parent Portal. Most forms can be completed online by the student's parent. Some forms must be downloaded and printed, completed and signed by a physician, then scanned and uploaded back into Magnus Health. Note the physical exam form and immunization record must be completed, signed and dated by a physician **after June 1, 2020**. Forms are due by **August 1, 2020**, and must be received prior to the student's arrival on campus. Students missing required forms will not be permitted to attend classes or participate in preseason athletic practices. *(For new students entering grades 10-12, additional athletic eligibility paperwork is required, which must be signed by the student's previous school head/principal. Families requiring these additional forms will be contacted by the SSA Athletic Department over the summer.)*

### Requirements for Health Insurance

SSA requires all students to have health insurance. All newly admitted international students will be enrolled in an Academy sponsored health insurance plan offering coverage in the United States. Please view our brochure for more information. The charge for the 2020-21 school year (10 months) is \$1,880. Later this spring, you will be sent information from our insurance provider, Clifford Allen Associates, via the e-mail address provided during the admission process. **You will register and pay for your students health insurance through this portal.** If a student has already been enrolled in a health insurance plan which provides coverage in the

United States, proof of insurance must be submitted as part of the Family Information Update form in order to waive enrollment in the Academy sponsored plan. No student is allowed to move into the dormitory and begin preseason athletics and/or classes until proof of insurance is provided.

## Immunization Requirements in Pennsylvania

Proof of immunization must be presented when enrolling in school. Immunization information can be obtained from your family doctor or former school district, and should be included in your Medical and Athletic Forms Packet.

### Required Immunizations for Grades K-12

- 4 doses of Diphtheria and Tetanus (DTaP, DTP, TD, or DT)--**1 dose must have been administered after the student's 4th birthday**
- 1 dose of Tetanus/Diphtheria/Pertussis (Tdap) **on or after the student's 10th birthday**
- 3 doses of Polio (OPV or IPV)
- 2 doses of Measles, Mumps, and Rubella (MMR)
- 3 doses of Hepatitis B
- 2 doses of Varicella **OR** MD documentation of disease
- 1 dose of Meningococcal (Menactra) for Grades 7-11
  - **2 doses of Meningococcal (Menactra) required for Grade 12.** If the first dose of the vaccine was given on or after the student's 16th birthday, this will count as the second dose, and will meet this requirement.

### Medical or religious exemption

A medical exemption is granted if the physical condition of a child is such that immunizations would endanger his/her life or health. A religious exemption, which includes a strong moral or ethical conviction, is granted if a parent or guardian of a child adheres to a religious belief whose teachings are opposed to such immunizations.

## International Student Fee

For the 2020-2021 school year, the international student fee is \$3,000. This fee covers transportation to and from Pittsburgh International Airport for international students who are flying internationally during one or more of three major school breaks: Thanksgiving vacation, Winter Break and Spring Break. This fee also covers banking and processing fees and various administrative costs incurred by the Academy.
